

**Table 1: F&B dine in cap of children aged 12 years and below, across different scenarios**

<b>If diners are from different households</b>	
<b>Group size</b>	<b>Cap of children aged 12 years and below</b>
Table of 2 persons (i.e. no vaccine-differentiated safe management measures)	No cap
Table of 3 persons	1 child
Table of 4 persons	2 children
Table of 5 persons	2 children
<b>If all diners are from the same household</b>	
<b>Group size</b>	<b>Cap of children aged 12 years and below</b>
Table of 1 to 5 persons	4 children <sup>1</sup>

---

<sup>3</sup> We will disallow a table of 5 children aged 12 years and below as they present the same risk as 5 unvaccinated individuals.
