About the Programme

Anneliese will examine the importance of persuasive case presentation and advocacy in commercial cases, focusing on three key areas:

Preparation – Looking at how a case can most effectively be prepared, including strategies and pitfalls which may be encountered and setting out some suggested methodologies for making the most of preparation time.

Understanding – Considering what a successful outcome would look like to the client and ensuring the legal team is able to work together to achieve this.

Presenting – Ensuring that both written and oral advocacy have maximum impact. Anneliese will share her insights on how best to achieve this.

Speaker's Profile

Anneliese Day QC – Fountain Court Chambers

Anneliese is a “leading lawyer of her generation” and a “standout genius” who is frequently instructed in high-value and complex cases both nationally and internationally, and as counsel and arbitrator. She is ranked both as a Leading Silk in six practice areas in the legal directories (commercial litigation, international arbitration, professional negligence, energy, construction and insurance/reinsurance) and as an Arbitrator. In 2020, she won International Arbitration barrister of the year and was shortlisted as ‘Professional Negligence Silk of the Year’; and was previously named ‘Construction and Energy Silk of the Year’ three times, ‘Barrister of the Year’ in 2014 by *The Lawyer* and one of the 500 most influential people in the UK by *Debretts*.

She is often called upon to assist major corporate clients and high net worth individuals with cases concerning joint ventures, private finance initiatives, contract termination, contractual interpretation and other business issues. She occupies an almost unique position of operating at the highest level in both the commercial and construction spheres not only in the UK but also in Asia, the Middle East, the US, Europe and the Caribbean. Described as “an absolute Rockstar at the top of her game”, Anneliese is equally at home in a court or arbitration setting and also regularly appears at appellate level.
